IDENTITY STANDARDS

How we look, how we speak.

A short reference for everyone who creates material for Future Mind Consulting Group — staff, partners and agencies. Use it to keep every touchpoint clear, consistent and recognisably ours.

SECTION 01

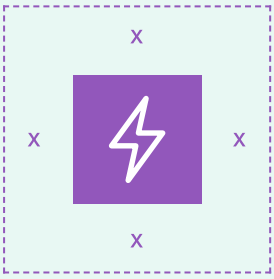

The Logo

01

Future Mind
CONSULTING GROUP

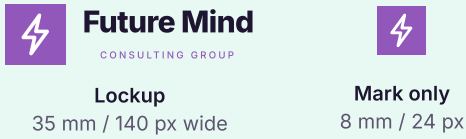

Our logo pairs the **Spark mark** — an outlined lightning bolt inside a solid Future Purple square — with the wordmark. The bolt stands for the moment of insight we bring to clients: quick, clear thinking that turns into action. Always use the supplied artwork; never redraw or retype it.

Clear space

Keep a margin of **X** on every side, where X = ½ the width of the mark. No text, image or edge may enter this space.

Minimum size

Lockup
35 mm / 140 px wide

Mark only
8 mm / 24 px

Below these sizes the bolt outline becomes unreadable. Use the mark alone for favicons, app icons and social avatars.

Colour versions

Primary — on white or light backgrounds

On Mind Mint — brand panels, covers

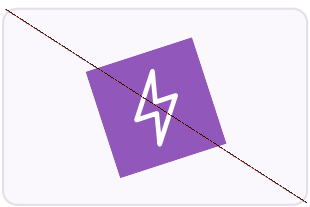

Reversed — on Future Purple or dark photos

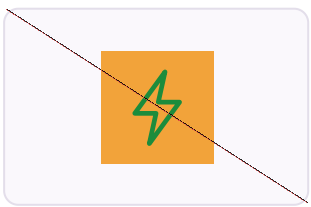

Mono — single-colour print, stamps, fax

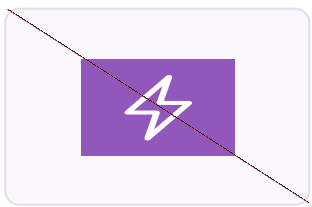

Don't

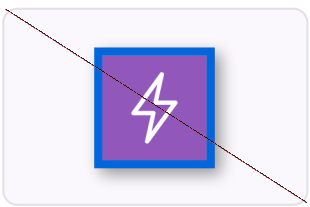

Rotate or tilt the mark

Recolour with off-brand colours

Stretch or squash

Add outlines, borders or shadows

SECTION 02

Colour

02

Two colours carry the brand. **Future Purple** is our signature — confident and considered. **Mind Mint** brings calm and freshness. Used together they should be instantly recognisable; neutrals support them, never compete.
